ACCOMMODATIONS

Homestay. Homestay accommodations allow you to get the most out of your language immersion program. Nowhere else will you directly experience real Spanish life and nothing could be better to help improve your language skills. Breakfast and dinner are included when you stay with a host family. Typically there will be another student in the home with you. In a city like Marbella you should expect to travel about 10-20 minutes from your home to the school. Marbella has excellent transportation so getting there is not a problem.

You may arrive at the home on the Sunday before you classes start and you will be expected to leave the Saturday after classes are over. It may be possible to stay extra nights, check with us for details. If you have special dietary needs, it is possible for you to stay with a host family that can accommodate this request. You will be given your own keys, so you can come and go as you please.

Student Residence. The residences are located in the center of the Marbella, about 15-20 minutes from the school. Students will meet Spanish and international students in a stimulating environment. Students may choose between single or double rooms. Private bathrooms are very rare. It is also possible to choose half board (breakfast and dinner) or full board (breakfast, lunch and dinner). There are Spaniards that also live at the residence that prepare the meals for the students.

CULTURAL ACTIVITIES

ENFOREX works hard to help students learn about the culture and traditions of Spain. Each month the school organizes visits to museums, churches, and other interesting areas in and around Marbella. Activities are held in the afternoon during the week. Weekends can be spent in one day excursions guided by the staff. Because of Marbella's convenient location most of the outlying cities can be reached anywhere from half an hour to five hours by car, train or bus.
